## International Conferences on Engineering held in YTU

*YTU-MES-JSCE Joint Seminar on Civil Engineering*

*AUN/SEED-Net Regional Conference on Energy Engineering*

*International Conference on Science and Engineering*

From October to December 2017, three (3) conferences were held in Yangon Technological University (YTU): YTU-MES-JSCE Joint Seminar on Civil Engineering (28th to 29th, Oct.), AUN/SEED-Net Regional Conference on Energy Engineering (9th to 10th Nov.) and the International Conference on Science and Engineering (ICSE, 9th to 10th Dec.). Each conference had between 100 and 250 participants; not only academic staff from YTU and Mandalay Technological University (MTU) but also Japanese professors and other academic and industrial people from across Asia including Singapore, Indonesia, Cambodia, Thailand and Malaysia.

The conferences aimed to present the findings and analysis of research activities and share comments and ideas to further and strengthen research. These conferences also presented opportunities for all participants, especially academic staff from YTU and MTU, to make linkages with other researchers as well as industrial people.

Many academic staff and students from YTU and MTU joined and presented in the above mentioned conferences, and **Dr. Hla Myo Tun**, Professor and Head of Electronic Engineering Department, YTU (short-term trainee under EEHE Project) and **Dr. Yin Yin Aye**, Lecturer, Mechatronics Department, MTU (also long-term trainee) obtained Best Paper awards in ICSE. In addition, YTU organised the conferences well with help from Japanese professors and other organisations. COE students performed well and effectively as master of ceremony. EEHE Project continues supporting YTU and MTU to organise further academic conferences.

MES: Myanmar Engineering Society, JSCE: Japan Society of Civil Engineers, AUN/SEED-Net: ASEAN University Network/Southeast Asia Engineering Education Development Network, COE: Centre of Excellence Programme (6 years' Bachelor of Engineering programme in YTU and MTU established under Ministry of Education since 2012).
